

BATTERY RULES

- ✦ **ALWAYS** wear your Personal Protective Equipment (Eye goggles, face shield, coveralls & gloves)
- ✦ Keep the battery top clean and dry
- ✦ Use the proper size charger for the job
- ✦ **ALWAYS** make sure the battery charger is turned off before unplugging the battery
- ✦ Recharge fully after each duty cycle
- ✦ Keep vent caps in place except when filling or checking water levels
- ✦ **AVOID** placing metal objects on top of any battery
- ✦ Always be careful when working around batteries
- ✦ Check the water level **every** week (after charge)
- ✦ **Keep records** of when the water level is checked and when water is added (DO NOT OVERFILL)
